## HAS ALL TALENT

CHAUTAUQUA PROGRAM COMPLETE WITH GOOD NUMBERS.

## MOST EXPENSIVE EVER

The Best in Orators, Churchmen, Humorists, Lecturers and Musical Organizations Secured.

Manager P. O. Landon has engaged all of the talent for the Maryville chautauqua to be given August 9 to 17, and the program is complete except for a few minor details. Mr. Landon says that it is the most expensive program ever presented in Maryville and he regarded it as the best. The program includes politicians, orators, churchmen, humorists, popular lecturers and the best musical organizations obtainable.

Former Governor J. K. Vardaman of Mississippi is one of the lecturers. Vardaman is one of the greatest orators the south ever produced, a man of national fame, and he should be one of the drawing cards of the chautauqua season. Two other politicians have places on the program. They are Congressman Frederick Landis and Congressman James E. Watson, both of Indiana. Watson was a leader in the last Republican convention, and Landis was a candidate for lieutenant-governor of Indiana on the progressive ticket in the last campaign.

A number of churchmen, leaders in their denominations are on the program. Father Nugent, one of the greatest Catholic divines on the lecture platform, will be here. Then there will be Dr. E. Combie Smith, pastor of the Independence Avenue M. E. church of Kansas City; Dr. C. S. Medbury, pastor of the large Christian church at Des Moines, Iowa; and from London, England, will come Dr. William Spurgeon, a minister of world wide reputation.

The other lecturers and entertainers are: Benjamin Chapin, who will give his monologue entitled "Lincoln," an impersonation which he has given with great success from New York to San Francisco; Lou J. Beauchamp, the noted popular lecturer; H. V. Adams in his celebrated lecture on "Grapes of Gold;" Sidney Landon, entertainer and character artist; Mrs. Nellie Kedzie Jones, who will give domestic science demonstration each morning and give her lecture, "The Girl Who Can." A number of people from Maryville and nearby heard Mrs. Jones give this lecture during the farmers' short course at the state university at Columbia last winter. They recommended it to Manager Landon as one of the best lectures they had ever heard.

The Ojibway Indians, twelve persons, will be here for two days and give two plays, one of which is Longfellow's "Hiawatha."

Mr. Landon has made great efforts to get the best talent in this line. On the opening day, August 9, Ewing's Zouave Concert band of twenty-five pieces will furnish the music and give exhibition drills. The Chicago Operatic company, the same one which pleased so well last year, has been secured. Then the Roney's Boys' Concert company will be here again. Mr. Roney has announced his intention of retiring after this year. He is making this, his twenty-fifth yearly tour, a farewell tour of the country. The Heron Sisters Concert company is the only other outside musical organization on the program. The Maryville Concert band, T. B. Maulding director, and the Missouri Ladies Military band, Miss Alma Nash director, will give concerts throughout the week.

As in former years, everything will be done to take care of the crowd and to see to their comfort. The auditorium tent is the same one used last year. It is 210 by 260 feet, and will seat 5,000 people. There will be rest tents as last year, and 100 campers' tents have been ordered for rental.

The complete program in book form will be ready about July 1.

## MOTOR TRUCK TO BILBY FARM.

Russell Bilby of Quitman to Feed Cattle With the Huge Carrier.

"Missouri farmers are keeping up with the times," Russell Bilby of Quitman, said in Kansas City Saturday, when he started a large farm motor truck to his farm, near Quitman. The truck was driven to its destination and will be used in distributing feed to the stock and other heavy hauling. The vehicle is like an immense express wagon and has a 50-horse power motor. The motor is started by compression. The truck has a capacity of three and one-half tons.

Mr. Bilby has several thousand acres of farming land, and feeds between two and three thousand cattle a year. Mr. Bilby says he has under construction four cement silos, each of three hundred tons capacity.

### DOING GOOD WORK.

The Township Board Busy These Days Looking After Road Work in Polk.

The Polk township board is doing some good road work these days, but they will have to stop within the next week or so, as they will be unable to get the help on account of being harvest time. Ditches are being dug along the roads in places where they are needed and the dirt is used in making fills. A great deal of good work is being done by the farmers living on the road from this city to the Myrtle Tree neighborhood and on to Orrsburg.

The board is composed of E. H. Bannum, trustee, and the two members, John Yates and Ernest Wray. They made an eighty-mile inspection trip over the roads of the township on Monday.

The board intends in the fall to put in a number of concrete culverts. With the culverts and all the road work being done now, Polk township will have a system of good roads.

Mrs. W. T. Graham and daughter of Des Moines, Ia., and Mrs. G. W. Richardson and daughter, Doris, of Clarinda, Ia., are visiting Dean and Mrs. George H. Colbert. Mrs. Graham is a sister of Mr. Colbert. Mrs. Richardson is a former resident of the city.

### UNDECIDED ABOUT ROAD.

County Highway Commission Again Went Over Routes for Maryville-Albany Highway.

The county highway commission is still at sea in regard to most of the county seat highways, and also the state line road. But the Albany-Maryville road is causing them some trouble. The Gentry county commission wants the Maryville road to go to Stanberry and then to Sweet Home and Ravenwood, and on into Maryville. It seems to want to get as many miles of road on this highway in that county as possible and let Nodaway county have only a few miles.

The commission inspected the Maryville-Albany routes on Saturday. They went to Ravenwood, Conception Junction, Clyde and Stanberry. It went over several routes from the east part of the county to Stanberry.

Stanberry is not on the shortest route between Maryville and Albany if you go by way of Ravenwood. But if you go by way of Arkoe, then Conception, on into Clyde, then Stanberry and Albany, the route is a very good one.

The county commission is not making an inspection trip this week, but is doing some figuring. It is not known when they will announce these roads, but it will be at least a few weeks.

### Arrested for Peace Disturbance.

Abe Duke of St. Joseph was arrested Sunday evening in Arkoe on a charge of disturbing the peace. His trial is set for June 28.

### BOUGHT MANY EGGS.

Fred Rogers & Co., Poultry Commission Firm, Received 216,720 Eggs on Monday.

Nodaway county hens don't seem to be on much of a strike at the present time, if you consider what one poultry firm did Monday. Fred Rogers & Co., purchased 601 cases of eggs, amounting to 18,060 dozens, or making in all 216,720 eggs.

### Twenty-Seven New Members.

Twenty-seven new members were taken into the Presbyterian church Sunday morning, and eight persons were baptized. Of those received into the membership of the church eight were by letter and nineteen were received on confession of faith. Of those baptized, six were adults and two infants. The six adults were among those taken into the church.

## WHITE WAY READY

PLANS ALL COMPLETE FOR THE BIG CELEBRATION.

## FLIGHTS FROM NORMAL

Rest of the Program to Be Given at Court House Except Base Ball Game in the Afternoon.

Everything is in readiness for the white way celebration tomorrow, and the indications are there will be the largest crowd in the city that has been here for some time. And the people that will come will not be disappointed, for they will be well entertained at Maryville's expense.

The bipane is up and ready for the two flights tomorrow. Ralph E. McMillen, who is to go up in the machine, has been in the city since Sunday, and all arrangements are made in regard to his flights. His first flight will be given at 10 o'clock and the second one about 5 o'clock. Both flights will start at the Normal grounds.

The white way is ready to be turned on and Manager C. C. Hellmers of the light company will push the button. That will take place tomorrow evening at 8 o'clock. The program for the celebration is published elsewhere on this page.

The weekly band concert by the Maryville band, T. B. Maulding director, will be given tomorrow evening at 7:30 o'clock in the band stand. The following is the program that will be given:

Descriptive piece, "A Hunting Scene," P. Bucalossi.

Humoresque, Opus 101, No. 7, Anton Dvorak.

March, "Killarney," F. H. Losey, Op. 185.

The free moving picture show will probably be given on the north side of the court house building. Seats will be provided for the people, and, in fact, there will be plenty of seats all over the court house yard for the people.

The committees in charge of the celebration are as follows:

All of the entertainment will be given in the court house yard except the two flights by McMillen and the ball game at Normal park at 4 o'clock, when the Buchanan Street Methodist church team will play the Harmony church team. ## VENUE CHANGED

COLDEN DIVORCE TO BE HEARD IN ANOTHER COURT.

## SAYS HE WAS WRONGED

Cross Bill Filed Asking Divorce for C. J. Colden With Custody of Children—A Lengthy Petition.

The divorce suit of Mrs. Jennie Colden vs. C. J. Colden, which was docketed for this term of circuit court, will be tried in some other court, as a change of venue was granted by Judge Ellison on the defendant's application. Mr. Colden also filed a cross bill, in which he denies each and every allegation made in the petition of Mrs. Colden. He denies that he is worth \$40,000 and that Mrs. Colden is without means of support.

Mr. Colden was for a number of years editor of the Nodaway Forum, president of the board of regents of the Normal, and was defeated for state senator in the campaign of 1908. Mr. Colden is now in Los Angeles, Cal.

In his petition, Mr. Colden states that he is the injured and innocent party, and that he demeaned himself as husband and treated his wife with kindness. The petition of Mr. Colden alleges indignities on the part of Mrs. Colden, charged her with a violent and ungovernable temper, using profane language, not speaking to defendant frequently for weeks at a time, had son to disobey his father, sought employment as a clerk and office girl, and wore the cheapest and most ill-looking clothing and wearing the same in public, currying horse in front yard, clean out the barn and chop wood and kindling, all for the purpose of humiliating and embarrassing him, so the petition says. The petition further claims that he offered to buy her good clothing and employ help at the house, but that she refused to accept the same.

The petition also claims that many of his business plans were thwarted by her. It says that in the district court of San Patricio, Texas, she filed a suit in April, 1913, charging him with trying to defraud, cheat and to beat her out of property, which caused him much embarrassment and humiliation in his business at that place.

Mr. Colden asks for a divorce and the care and custody of three minor children. Cook, Cummins & Dawson are Mr. Colden's attorneys. Shinabargar, Blagg & Ellison represent Mrs. Colden.

They are charged with disturbing the peace of the neighborhood. They were brought to Maryville and were put in the county jail.

It is said that the parties were drunk and were making a great deal of noise. Mrs. Fred Gilbert is only 15 years of age, according to her statement. She was recently married to Gilbert.

Mrs. J. W. Fox, who makes her home with her daughter, Mrs. S. J. Lager, east of Clyde, slipped on a board Monday afternoon near the house and fractured one of her hips. Dr. W. P. Stuckie, who was called, summoned Mrs. Fox's physician, Dr. Vilas Martin of Maryville, to assist him in reducing the fracture. Mrs. Fox has been subject to spells similar to light strokes of paralysis for several years, and it is supposed one of these attacks was the cause of her fall Monday. She is 76 years old.

Her children at a distance have been notified to come to her. They are George Fox, living in Idaho; Joseph Lager of Watertown S. D.; A. W. Lager of Eldora, Ia.; Winden Lager of Granite City, Mo., and a daughter who is a sister in a convent in the state of Washington. Another daughter, Sister Clara, is at St. Benedictine convent in Clyde.

### Engagement Announced.

Mrs. T. A. Corden of Burlington Junction entertained a company of twenty-five friends Monday afternoon, to whom she announced the engagement of her sister-in-law, Miss Nelle Corden, a daughter of Mr. and Mrs. Samuel A. Corden of that place. The bride-elect and the hostess are quite well known socially in Maryville, and the account of the party will be of interest. The parlors of Mrs. Corden's home were garlanded in Dorothy Perkins roses and sweet peas and the same color scheme of pink and white was used in the luncheon. On their arrival the guests were served punch in the dining room, where crimson ramblers held bewitching sway. The punch was served by Mrs. James Corden and Mrs. Robert D. Corden. As soon as all the guests had arrived Master Robert Corden, Jr., appeared at the front door as a messenger boy, with a telegram for one of the guests, Miss Mary Wolfers of Pickering. A little consternation was felt at first by the guests as to what the message might contain, but the smile that came on her face as she read the missive assured all that Miss Wolfers had not received bad news. The message came from Loveland, and announced the engagement of Miss Nelle Corden to Professor William McKay, a member of Missouri Wesleyan college at Cameron. Miss Corden has been engaged as an instructor in the music department of the same college for several years, and as the message was signed and sealed by Dan Cupid, the news was not doubted. The date for the wedding was also given—Wednesday, July 16. After happy wishes from every one present had been expressed to the bride-elect, a delightful and altogether appropriate program of solos and readings were given by Mrs. Roy Wolfers of Pickering and Miss Alma Corden. A dainty two-course luncheon followed, served by Miss Mabel Corden, sister of the bride-elect, and two of her nieces, Miss Alma and Anna Helen Corden. Other vocal selections were then given by Mrs. Wolfers. Only two of the invited guests were unable to be present.

ACTS UPHELDPassenger Fare Laws of Three  
States Are Valid

## FEW EXCEPTIONS IN MISSOURI

Tariffs Prescribed for Some Lines Are Confiscatory—Freight Rates Also Upheld by Supreme Court—No interference With Interstate Trade.

Washington, June 17.—Validity of the 2-cent passenger laws and maximum freight rates in Missouri, West Virginia and Arkansas were upheld by the supreme court in another series of decisions in the noted state rate cases.

In the Missouri case the great majority of rates contested by the railroads as confiscatory were held valid. State freight rates established in Oregon also were approved.

All claims that the state laws attacked interfered with interstate commerce were swept aside, following the precedent set in the Minnesota rate decision a week ago.

In the majority of the Missouri cases and in the Arkansas case the court held the railroads had presented too general data on which to base a claim that their property was being taken without compensation through the operation of the new state rates.

Justice Hughes said the question of interference with interstate commerce was decided in favor of the state for the reasons assigned in the Minnesota rate decision.

## Missouri Case Decision.

In the Missouri rate cases the supreme court held the rates confiscatory on the St. Louis and Hannibal, the Kansas City, Clinton and Springfield and Chicago Great Western railroads.

The court held the rates valid as to the St. Louis and Southwestern, the Missouri Pacific, the St. Louis, Iron Mountain and Southern, the Wabash, the Chicago, Milwaukee and St. Paul and the Chicago and Alton.

The court also sustained the rates of the Missouri law as to the Chicago, Burlington and Quincy, the Atchafalaya, Topeka and Santa Fe, the Kansas City Southern, the Missouri, Kansas and Texas, the Chicago, Rock Island and Pacific (including the St. Louis, Kansas City and Colorado) and the St. Louis and San Francisco.

In all of these cases the decrees of the lower courts in favor of the railroads were reversed.

## Partial Victory for State.

The constitutionality of a state 2-cent passenger law and of a maximum freight law was determined in the Minnesota case, where the court held that a state had a right to pass such laws, provided the rates imposed under them were not confiscatory. This application was made to the Missouri case. The decision is a partial victory for Missouri as the lower court had held the rates confiscatory on all the roads.

In the cases in which the rates were held confiscatory, the supreme court modified the lower court's decrees so that the railroad commissioners and the attorney general of the state may apply to the court for further action whenever it shall appear by reason of a change in circumstances the rates fixed by the state's acts are sufficient to yield reasonable compensation.

## Not Responsible for Flood.

The supreme court decided that the federal government was not financially responsible for the flooding of more than 100 plantations on the Mississippi as a result of levee construction. Efforts were made to hold the government responsible for the value of the lands flooded, in all about \$7,000,000.

The supreme court adjourned until next October, without announcing a decision in the intermountain rate cases or passing on an application for a review of the Gompers-Mitchell-Morrison contempt of court case.

Applications for rehearings of the cut rate patent decision and the Denver water case were denied.

## Kansas Oil Rate Law Valid.

Because of a provision in the law arbitrarily fixing \$500 damages for each violation, the supreme court annulled as unconstitutional the Kansas statute of 1905, which fixed the maximum rates for the transportation of oil by rail. The original clause was held to prevent railroads from testing whether the rates were confiscatory.

## Missouri Roads Must Refund.

Jefferson City, Mo., June 17.—The thirteen main branch line railroads of Missouri will have to refund the excess freight and passenger rates charged in defiance of the 2-cent passenger fare law and the maximum freight rate act of 1907 in every instance where parties have proof of the overcharge, declared Governor Major, when informed of the decision of the United States supreme court upholding these laws. It was Governor Major, then attorney general, who presented the case to the supreme court.

## Convict Makes Escape.

Jefferson City, Mo., June 17.—H. H. Miller, a white convict serving eight years for forgery, escaped from a gang of convicts making repairs at the governor's mansion. Miller made his escape just as an ambulance bearing Governor Major's young son from a hospital, where the lad had undergone an operation, drove into the grounds.

## Communication

### A Pile of Junk.

Maryville, Mo., June 17th, 1913.  
Editor Democrat-Forum: Referring to the mayor's famous clean-up proclamation of a few days ago. The people of Maryville were urged to clean up their premises in order to show visitors a "Spotless Town" on the occasion of the dedication of the White Way on June 18th.

The residents of North Buchanan street in the block just north of the electric light plant not only followed the suggestions of the proclamation, but have always endeavored to make their premises presentable. Notwithstanding proclamations one L. R. Holt was permitted to dump a car load of mowing machines on the parkway, which is a part of the public streets of the city, and upon objections being made to the mayor, all requests for their removal have been ignored.

It is hoped that all citizens of the city will urge visitors to view this highly decorative pile of junk which we have had dumped in our front yards.

## CONVENTION IN SESSION.

### Opening Session of the County Sunday School Meeting This Afternoon.

The opening session of the county Sunday school convention convened at 1 o'clock this afternoon with an attendance of over half a hundred. All the speakers of the day have arrived, and the program is being carried out as planned. The number of delegates who had registered this afternoon was forty-nine.

This afternoon's session was opened with a few introductory remarks by W. M. Oakerson, chairman of the county committee. Then Rev. W. E. Royston lead a short devotional service. Rev. J. D. Randolph gave the address of welcome, which was responded to by Rev. C. H. Sauceman.

The principal address of the afternoon was given by S. L. Williams of Liberty, field secretary of the state. His subject was "What Can This Association Do for the Sunday Schools of Nodaway County?"

Following this were discussions on the Sunday school base ball league and class socials by Rev. S. D. Harkness and Mrs. E. L. Harrington respectively. The afternoon meeting closed with an address by Mr. Fred Ashe of Tarkio.

Tonight at 8 o'clock Mrs. G. P. Beattie of Kansas City will give an address on "The Superintendent in Action." At 8:40 p. m. Mr. Williams will make his second address of the day. The subject of the evening address is "It's a Man's Job." Solos by Mrs. P. P. Robinson and Rev. Cox will precede the address.

### WATCH FOR THE YELLOW CARDS.

The Airship Man Will Throw Money as He Sails Wednesday—Good at Real Estate Bank.

You have heard of men who throw money to the birds, a saying we have always taken figuratively, heretofore. But it is really going to be done Wednesday. Mr. McMillen, the airship man, is going to throw white and yellow cards into the air as he makes his flights Wednesday, and as they come down those who catch a yellow card will be given one dollar in exchange for it at the Real Estate bank in this city, by presenting it there. Every one of the yellow cards the bird man throws will be worth a dollar to the one presenting it at this bank.

So there are good reasons for watching the aeroplane flight Wednesday. Beside seeing one of the greatest achievements of the world's history, you'll be paid for craning your neck and straining your eyes, if you will but reach out your hand and catch a yellow card.

The Real Estate bank people have the reputation of being careful, conservative business men, and one would never dream that they would get to the point of actually "throwing money to the birds," but as they are all young men and we must naturally expect them to do something out of the ordinary to celebrate Maryville's first airship flight.

### NO MILITIA CAMP THIS YEAR.

Railroads Refuse to Haul Missouri Troops for One Cent a Mile.

According to a dispatch from Jefferson City the general encampment of the National Guard of Missouri, which is held annually at Nevada, has been abandoned this year by order of the military council, because the Missouri Pacific railroad refused to carry the militiamen at 1 cent a mile. The road asked 2 cents.

The rate heretofore has been 1 cent and this is as much, Adjutant General Omeara says, as the national government, which defrays the cost of transportation, will pay. The date fixed for the encampment was from July 13 to 20. It is probable an attempt will be made to have regimental encampments, the various companies in each assembling where most convenient for practice.

Adjutant General Omeara today laid the matter before the state public service commission with the request that it make an investigation. He says there is a statute requiring the railroads in Missouri to carry the National Guard at 1 cent a mile.

### New Son in Minnesota.

Mr. and Mrs. Oscar Kennel of Campbell, Minn., announce the birth of their son, weighing ten and one-half pounds, on Monday, June 9, 1913, whom they have named Glenn Woodrow Kennel. The Kennel family moved from near Maryville to Minnesota in January last.

M. C. Noland of Guilford and J. C. Pistole and Walter Morehouse of Hopkins were city visitors Tuesday.

J. A. Kavanaugh, Charles Talbot, Matt Hall and Mr. Hilsabeck of Graham were city visitors Tuesday.

Miss Mayne Dooley went to Kansas City Monday morning on a few days' visit.

## WATERED STOCK PROFITS ARE BIG

Oxnard Tells of Million He and Brothers Made From Sale.

Washington, June 17.—Henry T. Oxnard, known as the "father of the beet industry," and the vice president of the American Beet Sugar company, was the principal witness before the senate lobby investigating committee. Mr. Oxnard was on the stand for several hours. He told the committee how New York bankers who helped to organize the beet sugar company insisted upon putting in about fifteen millions water in a \$20,000,000 corporation, how he and his brother had made about a million by the sale of their share of the watered stock and gave warning that the Underwood bill with its free sugar provision would result, in his opinion, in the formation of a new "sugar trust" which would not violate the anti-trust law.

### REBELS BURN BRIDGES

Juarez Garrison Reinforced by Arrival of 300 Federals.

El Paso, June 17.—The Juarez garrison was reinforced by the arrival of 300 federal regulars under Colonel Castro on a troop train, which had been stranded for several days on the Mexican Central railway. The rebels already have burned the bridges repaired as the train moved north.

Inez Salazar, a former Mexican rebel leader, now commanding federal irregulars, was arrested in El Paso by Deputy United States Marshal Charles Moore, charged with violating the United States neutrality laws in conspiring to smuggle ammunition.

### SPARK FROM WIRE KICKED BY MULE CAUSES EXPLOSION

Dillonvale, O., June 17.—Four men were probably fatally injured at the No. 3 mine of the Jefferson Coal company, near Pine Fork, when a keg of powder exploded. A kick of a mule, which came into contact with an electric wire, made a spark that connected with the powder and the explosion followed.

### Worked Boy Beside Mule in Plowing.

LaCrosse, Wis., June 17.—Charged with hitching his twelve-year-old son, Frank, to a cultivator beside a mule and working him in the field in a temperature of 110 in the shade, John Freismuth, a farmer, near here, was sought on a warrant issued on complaint of the state humane officer.

### Frisco Policemen Plead Guilty.

San Francisco, June 17.—Five suspended members of the San Francisco police force pleaded guilty to indictments charging conspiracy with bunco men. Each was sentenced to nine months in the county jail. Two other policemen, similarly charged, pleaded not guilty.
